

Etac Feed cutlery

Award-winning ergonomically designed aids for daily living

Creating Possibilities

Feed – Cutlery and Dose Mug

Feed feeding cutlery, child spoon and dose mug are excellent aids for both adults and children. The cutlery is designed to facilitate feeding, and the dose mug makes it easy to drink.

Feed cutlery

This feeding cutlery is made of plastic with a flat and smooth shape that feels comfortable in the mouth. The shape makes it easy to feed a person that has difficulty opening their mouth.

The top of the handle is designed to provide a functional grip, and the length enables the person being fed to grip the cutlery.

Description	Dimensions	Weight	Order Code
Feed Spoon	220 mm	37 g	80403101
Feed Spoon, small	200 mm	31 g	80403102
Feed Fork	220 mm	34 g	80403103

Material	Care
Thermoplastic polyester	Dishwasher-safe

Spoons, when children want to eat by themselves

When a child wants to feed themselves this spoon is indispensable.

The handle is slightly curved and oval with a support edge to prevent the hand from sliding down. The spoon is angle adjustable and comfortable in the mouth thanks to its flat shape. The strap is useful for children with poor gripping ability.

Description	Dimensions	Weight	Order Code
Feed Spoon, Adjustable			
Angled for Right Hand	200 mm	40 g	80403301
Angled for Left Hand	200 mm	40 g	80403302

Material	Care
White polyamide	Dishwasher-safe

Dose mug

The dose mug has been designed to assist with drinking. The spout shape provides good contact with the lips and reduces the need to lean ones head back for secure pouring. This mug is transparent and comes with 50ml 1.7 oz and 100ml 3.4 oz markings.

Description	Height	Weight	Order Code
Feed Dose Mug	70 mm	40 g	80404101

Material	Care
Polycarbonate	Dishwasher-safe
