Creating Possibilities

Etac Supporter toilet arm supports

Stable and functional toilet arm supports which are mounted directly on the toilet.

A functional arm support

Supporter is a comfortable and stable arm support. The arm supports are foldable and have comfortable rounded grips for the hands. With its ergonomic design, Supporter blends naturally into the bathroom. The surfaces are smooth and easy to clean.

Easy and flexible mounting

Supporter is simple to mount directly on the toilet, without the need for any tools. It fits both floor and wall mounted toilets. If space around the toilet is limited either arm support can easily be detached.

Accessories

See our wide range of accessories on page 33 (Etac Supporter Adjustable toilet arm supports)

Etac Supporter Adjustable toilet arm supports

Adjustable arm supports that suits both adults and children.

Flexible height and width

The arm supports can be set in three different heights and two different widths. This make them suitable for both children and adults. The arm supports can be detached, swung sideways and adjusted in height.

Supporter Adjustable set with narrow width between the arm supports.

The certified maximum weight capacity per armrest is 75kg
